

Make a moon dial wheel.

You may use this back as the moon phase wheel or as the sample for the kids to look at to make their own wheel .

Make a moon dial wheel.

You may use this back as the moon phase wheel if you are having the children color the phases of the moon. They can use the previous page as an example.

Make a moon dial wheel.

This wheel should be cut out and placed
on top of either of the other wheels.

Fasten with a brad in the middle. Turn
the wheel to display the moon phases.
